

# Privacy Policy for Decoy Home Screen App

Effective Date: 10/05/2025

## 1. Introduction

Decoy Home Screen (“the App”) is developed and published by Moore Technologies (“we,” “our,” or “us”). We respect your privacy and are committed to protecting it. This Privacy Policy explains how our App handles information.

By using the App, you agree to the terms of this Privacy Policy.

## 2. Information We Collect

- We do not collect, store, share, or sell any personal information from users. Specifically:
- No names, email addresses, or contact details are collected.
- No photos, files, or device content are accessed beyond what is required for the app’s basic functionality.

No background data tracking, analytics, or user profiling is performed.

## 3. How the App Works

The App functions entirely on your device. Its purpose is to provide a decoy home screen and an optional layer of privacy.

Any PINs, passwords, or patterns you create are stored only on your device.

We have no ability to access, recover, or view them.

## 4. Ads and Third-Party Services

The App may display advertisements through Google AdMob.

AdMob may collect certain device information (such as advertising IDs) for ad personalization and reporting.

For more details, please review Google’s Privacy Policy.

If you choose to use the premium (ad-free) version of the App, no ad-related data will be requested or shared.

## 5. Children's Privacy

This App is not directed toward children under 13. We do not knowingly collect information from children. If you believe a child has provided information, please contact us so we can take action.

## 6. Security

Because no personal data is collected, there is no risk of data breaches from our end. However, we encourage users to use strong PINs and maintain control of their device for maximum security.

## 7. Your Choices

You can disable personalized ads in your device's settings.

You may uninstall the App at any time to stop all use.

## 8. Changes to This Policy

We may update this Privacy Policy from time to time. Updates will be posted with a new "Effective Date."

## 9. Contact Us

If you have any questions or concerns about this Privacy Policy, you may contact us at:
